

***Full-service thermoplastic resin distribution  
providing unmatched service and quality.***

midwestresins.com | sales@midwestresins.com  
15320 Common Road, Roseville, MI 48066 | Ph. 586-771-0191 | F 586-771-0192

**Our primary goal is to provide high quality resins at industry competitive prices with unparalleled customer service.**

With our vast experience, Midwest Resins stands out in the thermoplastics industry. We proudly serve the United States and Canada regions and look forward to helping you with your thermoplastic material needs. We are an ISO-9001 registered company and strive to maintain a strong level of quality you will not find with our competitors.

### The Midwest Resins Difference

#### Expert, Dedicated Team

Each member of our team is specialized to ensure unparalleled service to you. Sales, logistics and quality management work together to provide a fully-integrated experience.

#### Quality Management & Custom Blending

We have an experienced staff of technical experts that can address any material issues that arise. We can also guide you throughout the material selection and application development process. Our full laboratory testing insures that each material meets the desired requirements.

MidWest Resins offers a full product line of natural and black resins. We have the ability to blend custom colors along with stabilizers and additives to help with all your material specifications.

#### Personalized Service

Midwest Resins works diligently to customize our service for each client. Blending, warehousing and delivery are tailored to your specific needs.

#### Innovation & Advancement

Keeping up with resin's science and technical development is essential to our success. From medical applications, including transparent ABS and acetal copolymers, to state-of-the-art EV applications, Midwest Resins has the resources and expertise to lead the industry and will continue to evolve in this ever-changing world.

#### Responsibility and Sustainability

Midwest Resins has a mission to preserve our natural resources. Call us today to find out more about our recycling initiative.

MAXELAST® | Thermoplastic Elastomer (TPE)  
ZYTHANE® | Thermoplastic Polyurethane (TPU)  
VIPRENE® | Thermoplastic Vulcanizate (TPV)

Color Concentrates  
PVC | Flexible  
PVC | Rigid

NYLENE® | Nylon 6  
NYLENE® | Nylon 66

ELASTRON V | Thermoplastic Vulcanizate (TPV)  
ELASTRON G | Styrene Ethylene Butylene Styrene (SEBS)  
ELASTRON D | Styrene Butadiene Block Copolymer (SBS)  
ELASTRON TPO | Thermoplastic Polyolefin

EPALINE 300 TPU | Polyester-based for Extrusion  
EPALINE 700 TPU | Polyether-based for Extrusion  
EPAMOLD 200 TPU | Polyester-based for INJECTION  
EPAMOLD 700 TPU | Polyether-based for INJECTION

Recycled plastic (PP, PE) from ocean waste

N66 GRADES | Nylon 66  
N6 GRADES | Nylon 6  
AC90 GRADES | Acetal Copolymer (POM)  
PBT500 GRADES | Polybutylene Terephthalate (PBT)  
SHORE A GRADES | Thermoplastic Vulcanizate (TPV)

MWR ABS | Acrylonitrile Butadiene Styrene  
MWR ACETAL | Copolymer/Homopolymer (POM)  
MWR ACRYLIC  
MWR ALLOYS  
MWR ASA | Acrylonitrile Styrene Acrylate  
MWR NYLON  
MWR PC | Polycarbonate  
MWR HDPE | High Density Polyethylene  
MWR LDPE | Low Density Polyethylene  
MWR LLDPE | Linear Low Density Polyethylene  
MWR PP | Polypropylene  
MWR PPC | Polypropylene Copolymer  
MWR PVC | Polyvinyl Chloride  
MWR TPE | Thermoplastic Elastomer  
MWR TPV | Thermoplastic Vulcanizate  
MWR TPU | Thermoplastic Polyurethane

DURACON® | Acetal Copolymer (POM)  
DURANEX® | Polybutylene Terephthalate (PBT)  
DURAFIDE® | Polyphenylene Sulfide (PPS)

RAMSTER | Thermoplastic Polyester Alloys (PBT)  
RAMSTER | Polyethylene Terephthalate (PET)  
POLYTRON® | Long Glass Polypropylene (PP)  
PLUSTEK | Nylon

ECOLON® | Nylon 6 & Nylon 66  
ECOLENE® | Compounded Polypropylene (PP)  
ECOLOY® | Polymer Alloys  
WELLAMID® | Virgin Nylon 6 & Nylon 66  
EXPOND® | Virgin Thermoplastic Polyolefin (TPO)  
RETOMI® | Acrylonitrile Butadiene Styrene (ABS)

POLIFIL® POLYPROPYLENE RESINS  
Calcium Carbonate Filled  
Talc-Filled  
Mica-Filled  
Glass Filled

### TRIVALENCE

TRIVEX | Polycarbonates (PC)  
TRIVAN | Styrenics (ABS, ASA)  
TRIVALOY | PC & Styrenic Alloys (PC/ABS, PC/ASA)  
TRIBLEND | PC & Polyester Alloys (PC/PET, PC/PBT)  
TRIVOL | Olefins (PP, TPO)  
TRIFLEX | Elastomers (TPE)  
TRILON | Nylons (PA6, PA66)  
TRILENE | Ethylene (LDPE, HDPE)  
TRIVET | Polyesters (PBT, PET)
